Actuarial Association of Europe
Risk Management Committee

Strategic Objectives for 2018

The Committee has adopted the following objectives for 2018:

SO1: Enhance relations with European institutions

1. Agree Committee priorities and structure that will lead to enhanced relations with European institutions
2. Develop existing sub-groups' output and establish new sub-groups on topics which offer scope for enhanced relations with these institutions
3. Provide high-level risk management input to selected European-level consultation papers (both EIOPA and non-EIOPA ones)
4. Identify and reach out to relevant risk management orientated institutions in Europe

S02: Promote professionalism

1. Agree responsibilities and collaborative relationships with AAE Insurance and Pension Committees and with relevant IAA Committees, including roles in relation to development of EANs on ORSA and other risk management topics

S03: Promote a European community of actuaries

1. Formulate a plan to establish a functioning forum for European actuarial risk function holders, chief risk officers and equivalents
2. Develop further a paper on future positioning of the actuary in risk management in Europe
3. Contribute risk management themed articles / talks under the AAE banner to suitable European-level publications / conferences
