Sustainability-SII one pager: Decision required

Considerations

- AAE's Sustainability and Climate-Related Risks Working Group has produced a one-pager on the inclusion of sustainability in Solvency II, ATTM 6.1
- The one-pager should serve in the discussion with EU politicians and regulators
- Inga and Lutz have assessed the one-pager
- We are happy to confirm that the content seems in line with AAE positions
- We have asked the Advisory Panel to
 - Identify target audience and timing of messaging more concretely
 - Help with making the form of the paper adapt to the target audience
- There is no answer yet

The board is asked to

- Take note of the paper ATTM 6.1
- Approve the content of the paper
- Take note that the form might change on request of the advisory panel.
