

# Comments about the review of paper “AI and the challenges it presents to insurability”

**Giampaolo Crenca**  
**Matthias Pillaudin**

**26 October 2022, AAE Board**

# AI and Insurability paper: Decision required

## Considerations

- AAE's Artificial Intelligence / Data Science (AI-DS) Working Group has produced a paper on AI and Insurability, ATTM 7.1
- We have reviewed the paper
- The content seems appropriate
- Only a qualitative comment: the paper is wonderful but very academic

**Suggestion:** It triggers the question on the role of the actuary in all this. We ask the working group to take this into account in their publication planning.

## The board is asked to

- Take note of the paper ATTM 7.1
- Approve the paper
