To AAE Membres Titulaires

by e-mail only

Brussels, 3 July 2017

In application of Article 18 of the Statutes, a General Assembly will be held in Copenhagen on 22 September 2017. I have sent you the text of the proposed Statutes on 21 June 2017.

At the same time we have asked our legal representative in Switzerland to confirm that these proposed Statutes are in line with the legal requirements of being a Swiss Verein. We have now received confirmation that they are.

In the meantime we have discovered an unintended amendment in art. 8.6 in the proposed Statutes. The new text should be unchanged compared to the current text (other than the "Associations wording"). So the proposed text of art.8.6 will read:

"Each Member Association of the AAE will appoint a member of the delegation of its home state as "membre titulaire", carrying the votes of that association."

I attach an updated version of the proposed Statutes. These updated draft Statutes will be proposed for approval at the General Assembly.

With kind regards,

Kristoffer Bork,
Chairperson
