

## **Draft Questionnaire to the members of the AAE Education Committee on the new Education Syllabus**

1. Does your association support the new IAA Syllabus?
2. If not, what are your main objections and would these also apply for the AAE?

Assuming the new IAA Syllabus will be a complete subset of a new AAE Syllabus:

3. Are there learning areas with which your national association would struggle to implement?
  - i. regarding the content of the learning objective
  - ii. regarding the Blooms' level of a certain objective
  - iii. regarding the assessment of the level and type of knowledge
4. What should be added to the syllabus to fulfil the requirements under the Mutual Recognition Agreement (on an international level (e.g. European jurisdiction) or national specifics)?
