

Development of CERA in Europe

Report to AAE/ SPFC

The number of CERAs in Europe continues to grow (the European associations have granted nearly 1500 CERA designations), and there are a number of new associations applying for so called "award signatory" status (i.e. having the ability to grant CERA designations). The current status is as follows:

	Award signatory	Applying Award for Signatory	Acceding party
UK	X		
Germany	X		
France	X		
Netherlands	X		
Sweden	X		
Denmark	X		
Finland	X		
Switzerland	X		
Belgium		X	
Austria		X	
Italy		X	
Spain			X
Catalunya			X

Spain and Catalunya expect to be applying for Award Signatory status soon.
