

## Questionnaire

### Dear Membre Titulaire:

The Actuarial Association of Europe has a strategic objective **to promote a European community of actuaries with focus on improvement of** cooperation amongst the AAE member associations, their members and the AAE . During the process of implementation it was clear that the smaller member associations might face different challenges when this idea is transformed into their specific needs.

The following questionnaire has been prepared with the aim of clearly identifying and prioritising the issues.

In each case, Please be as specific as possible with concrete proposals.

#### Question No 1

What is your view about the best way of **promoting the European actuarial community among the associations and between them and AAE**. Answer:

#### Question No 2
