AAE EDUCATION COMMITTEE

AAE SYLLABUS 2018 TASK FORCE – TERMS OF REFERENCE

The goal of the AAE Syllabus 2018 Task Force is to:

- Develop a new AAE Education Syllabus and present this to the Education Committee in autumn 2018

For this the Task Force will rely on the following criteria:

- The syllabus should be based on learning objectives
- The structure of the Mutual Recognition Agreement will be unchanged, i.e. only one tier (recognizing that any change was not a matter within the remit of the Education Committee)
- Bloom's taxonomy will be used as a guide but not a requirement
- ECTS/hours expectations will also be used as a guide but not a requirement
- The mathematics requirement will be made more explicit than the current IAA Syllabus
- There will be sufficient flexibility built into the compliance requirements without detracting from substantive compliance
- Assessment with the new syllabus will be undertaken by each association providing a detailed mapping of their syllabus versus the AAE's Syllabus which will be overseen by the Education Committee
- The starting point for the new AAE Syllabus will be the current IAA Syllabus (passed in 2017)

The AAE Syllabus 2018 Task Force reports to Education Committee of the AAE. It is supposed to finish its work by the end of 2018.

Membership of the Task Force has been set by the Education Committee in its meeting on 21/22 September 2017 in Copenhagen.

Members: Janne Kaippio, Régis de Laroulliere, Rafael Moreno, Gelu Ruptureanu, Olivier Steiger, Marjon Tjia, Henning Wergen (Chair)
