

Society of Actuaries in Ireland

Member Report

AAE Professionalism Committee Meeting,

Utrecht, September 2018

1. We have introduced a new Actuarial Standard of Practice (ASP), closely modelled on ESAP 2, Actuarial Function Report under Solvency II. The new ASP came into effect on 1st September.
2. We have also developed and delivered a number of new 2-hour professionalism skills training sessions for members. Content included our Code of Professional Conduct and topical subjects such as whistle-blowing. Participants also had the opportunity to discuss a number of practical case studies. Some of the training sessions were practice-specific, some were cross-practice. We will continue to develop and deliver similar training sessions over the coming year. Members are required to complete 2 hours of professionalism skills training every year.
3. During the coming year, we will review our Code of Professional Conduct. We have also started work on a review operational aspects of our Disciplinary Scheme.
