

IAA Professionalism Committee Survey on ISAPs

The Professionalism Committee has the responsibility for monitoring whether the objectives of the ISAPs are being met as a result of the actions taken by member associations. (This is spelled out in paragraph 8.3 of the [Due Process for International Standards of Actuarial Practice](#) (ISAPs).)

The following voluntary questionnaire is meant to collect comparable information from member associations to fulfill this responsibility. Members of the Professionalism Committee are therefore kindly asked to collect feedback from their home association on how ISAPs are viewed and how these model standards are made use of.

We request those associations volunteering to complete the survey to please **submit responses by FRIDAY, 19 OCTOBER 2018.**

Please submit your responses via the online survey at:
