### **AAE Professionalism Committee Meeting: Member Report**

Dear Christophe,

Following your request on getting a report from each Committee Member, you will find below a summary of the key developments at the Swiss Actuarial Association since the Utrecht meeting from a Professionalism Committee's perspective .

**CERA Members:** The Swiss Actuarial Association currently has 27 CERA Members and there are 20 candidates currently going through the CERA accreditation process.

**Fully qualified actuaries (FQA):** The number of FQAs complying with the mandatory CPD is 95% compared to 85 % last year. Eight FQAs haven't fulfilled the CPD requirements for three consecutive years. The respective commission haven't met to date to decide about the next steps (loss of qualification).

**Derived-Membership:**

- A member of the association from Poland didn't fulfil the waiting period of 1 year and application has been rejected.
- Two DAV-Actuaries working and living in Liechtenstein have applied to the become members of the Swiss Association but for obvious reasons (Liechtenstein is not Switzerland), their application has been rejected.

Yours sincerely,  
José Blanco
