

**Actuarial Association of Europe**  
**Pensions Committee meeting – Teams meeting**  
**16<sup>th</sup> December 2021 16:00-17:00 CET**

**Agenda**

1. Any comments on the recent EIOPA publications:
  - a. Technical advice on the development of **PTS and Pensions Dashboards**. – **Jeroen**
  - b. Methodological Framework for **IORPs' Stress-Testing**.  
**Cash Flows TF** – update from **Susanna**  
*Please pay attention on Chapter 6 - "Environmental stress testing for IORPs" and how environmental risks could be introduced in IORPs stress test framework.*
  - c. Public consultation on **European statistics on population** – deadline 23 December, 2021. – **David Bogataj**
  
2. Joint efforts with RMC and **SCRR WG** (WG on Sustainability and Climate Related Risks) – **Tatiana / Gabor**
  - a. AAE Sustainability WG – recent developments – Gabor to give an update on the work.
  - b. Webinar on 1st February - "Sustainability and Climate Change – what does it mean for risk management in Insurance and Pensions?".  
For the panel discussion we could be very flexible:
    - we could focus on topics like approaches for stress-testing and requirements for the ORSA and ORA / stress-testing IORPs and how we could join forces when supporting our member associations and fellow actuaries preparing for the expected requirements.
    - We could put our focus on the topic sustainability and the expectations stated by EIOPA on climate change scenarios in the ORSA / ORA;
    - other ...

It would be great, if the PC could find one or two participants for the panel discussion and prepare jointly with SCRR some brief introductory presentation and a discussion on how to approach this general topic as an association.
  
3. Topic for next **PC' webinar**, scheduled for 1st March. - **Everybody**
  
4. AOB – **Everybody**
