

NOTES OF A MEETING OF THE EDUCATION COMMITTEE

HELD ON TUESDAY 1 SEPTEMBER 2022
FROM 12.00 UNTIL 12.25 CET AS AN ONLINE MEETING

Participants

The participant's list is added as Annex 0.1.

Henning Wergen welcomed all participants to the meeting of the AAE Education Committee and thanked everyone for making this meeting possible on such short notice. The goal of the meeting is to present the current status quo of each group on the ongoing reviews of local education routes.

The following groups were agreed on to perform the assessments:

Group 1	Onofre Simoes, Colm Fitzgerald, Elinore Gustafsson, Henning Wergen	Belgium, Finland, Ireland, The Netherlands, Spain (IAE)
Group 2	Marjon Tjia, Jean-Claude de Pooter, Zuzana Weber, Olivier Steiger, Petr Bohumsky	Croatia, France, Italy, Norway, Spain (CAC), UK (IFoA)
Group 3	Erzsébet Kovacs, Rafael Moreno Ruiz, Ermanno Pitacco, Olivier Lopez, Merce Claramunt	Denmark, Germany, Latvia, Poland, Sweden
Group 4	Christian Furrer, Tony Jeffery, Lukasz Delong, Patrick Kakunze, Janne Kaippio	Estonia, Hungary, Lithuania, Portugal

Colm Fitzgerald and Henning Wergen reported on behalf of group no. 1 that for all associations under review a unanimous view has been found. Some minor aspects need clarification with the associations.

Marjon Tjia and Olivier Steiger reported on behalf of group no. 2 that everything is clear, and the group only needs one last round to finalize the recommendations.

On behalf of group no. 3 Erzsébet Kovacs and Olivier Lopez reported that the group had identified some heterogeneity between the submissions. All associations under review were contacted, whereas one association has not yet responded.

Christian Furrer reported for group no. 4 that the information present is sufficient, and the group will have one last meeting at the end of September.

Henning Wergen thanked everyone for the work so far.

The members of the committee shared the view that the final report back on the findings of the assessment should be rather brief and focus on the final recommendation whether an association fulfils the requirements of the AAE Core Syllabus or not.

Furthermore, he informed that the Slovakian association has sent in its self-assessment. Group no. 1 will review the SSA spreadsheet.

It is also noted that so far five associations have not responded to any e-mail. As this is like the situation of the assessment of the Code-of-Conduct as performed by the Professionalism Committee, Henning Wergen will report back to the AAE Board.

Henning Wergen also reminded everyone on the new IAA initiative, the Young Actuaries World Cup. Within the Steering Group of this initiative it was discussed that also students will be accepted that are not yet members of an actuarial association but can be seen as affiliated to an association. This should enlarge the group of potential participants, especially for European students.

The meeting closed at 12.25.
