CONVENTION A

AN ONLINE CONFERENCE FOR THE ACTUARIAL COMMUNITY

With ‘Connecting Knowledge’ as its theme, this event will set a new standard for online conferences serving the international actuarial community.

The EAA (European Actuarial Academy) supported by actuview is organising the new CONVENTION A as an online-only conference taking place from 19 to 23 September, 2022. This event will, to an unprecedented extent, showcase actuarial institutions and high-ranking keynote speakers delivering an exciting and inspiring programme for actuaries from all fields, and covering the issues that are most relevant to them today.

The first CONVENTION A will host more than 1,000 participants, who can expect a state-of-the-art online event experience that allows them to schedule their personal programme, join varied sessions, catch-up on missed presentations, and interact

with speakers and audiences. One feature which is unique to CONVENTION A is the availability of scheduled appointments to enable participants to meet their colleagues in between sessions.

The event programme will be jointly designed by 35 partners, spanning institutions from the actuarial community and companies active in the insurance industry. Each programme partner will design at least one four-hour programming block during the event week, and all participants will find offerings in a convenient time zone. Daily plenary sessions round out the offering. This combination means that CONVENTION A is sure to offer an appealing and unique networking experience for actuaries from all over

the world, as well as all interested actuarial associations, universities, supranational umbrella associations, and partners from the industry.

The Actuarial Association of Europe (AAE) is taking over two exciting 4-hour programme slots:

- Tue 20/09 - 9.00-13.00
Role of the Actuary / IFRS 17 with Petra Hielkema, Didier Millerot, Olav Jones and Peter Braumüller
- Latest results and insights of the AAE committees
