# Actuarial Association of Europe

*The vision of the Actuarial Association of Europe (AAE) is for actuaries throughout Europe to be recognised as the leading quantitative professional advisers in financial services, risk management and social protection, contributing to the well-being of society, and for European institutions to recognise the valuable role that the AAE plays as a leading source of advice on actuarial and related issues.*

The AAE currently has 38 member associations in 37 European countries, representing some 30,000 actuaries. Advice and comments provided by the AAE on behalf of the European actuarial profession are totally independent of industry interests.

## The AAE shares the following values:

- concern for the public interest
  - integrity
  - independence
  - collaboration and respect
  - transparency and accountability
- 
- The AAE is an active voice on Solvency II related topics, has published a number of technical papers and position papers, gives input to on-going consultation and continuously discusses with key policymakers and stakeholders about it
  - More information: [www.Actuary.eu](http://www.Actuary.eu)

## The AAE Strategic Objectives:

1. Enhance relations with European institutions
2. Promote Professionalism
3. Promote a European community of actuaries
