News from the AAE

News From the Secretariat

🌐 The AAE Annual Meeting in Paris (24–26 September 2025) has concluded and what an inspiring gathering it was! ✨

Members from across Europe came together to share expertise, exchange ideas, and shape the future of our profession.

We warmly thank our hosts from the *Institut des Actuaire*s, and all who participated, especially those who contributed through their committees, working groups, and task forces.

Elections were also held for successors to various key positions during the General Assembly on 26 September 2025, as the AAE welcomes Matthias Pillaudin as its new Chairperson.

At the same time, we extend our heartfelt thanks to **Inga Helmane**, who served with great dedication and energy over the past year and a half. Her contribution has been invaluable, and we wish her all the best for the future.

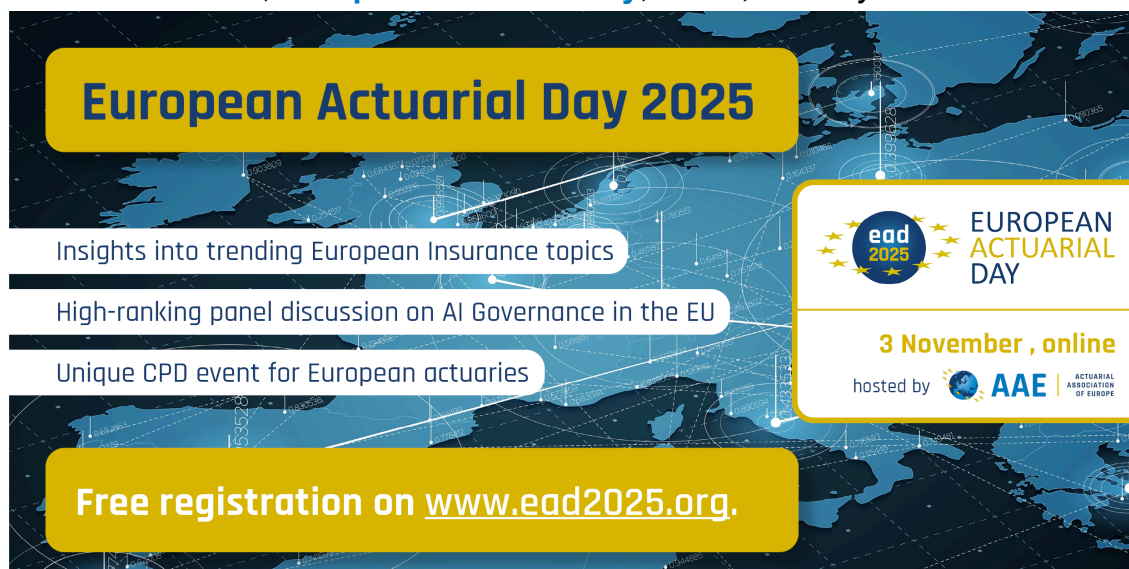

The press release can be viewed following this [link](#).

“It is a privilege to serve as Chairperson of the AAE and to represent European Actuaries at such a pivotal time...” Matthias Pillaudin, AAE Chair

If you have news to share that may be interesting for AAE delegates, please submit your news before the 18th of every month.

Publications

Past and Present - The TEA magazine is here!

Looking Back at *The European Actuary* (TEA)

The European Actuary (TEA) magazine is constantly exploring innovative ways to deliver actuarial insights to our subscribers across Europe and beyond. Over the past editions, TEA has featured thought-provoking articles on topics such as fertility trends, climate change, and risk management, alongside perspectives on the profession's evolving role in society.

Regular columns and contributions from young and seasoned actuaries alike have enriched the magazine with fresh ideas and diverse voices, ensuring a balance between technical expertise and broader reflections.

As TEA continues to grow, it remains committed to offering engaging, timely, and relevant content that connects actuaries with the challenges and opportunities of our time.

THE EUROPEAN ACTUARY (TEA)

The Actuarial Association of Europe continues to publish discussion and position papers at a fantastic rate, this couldn't be possible without the dedication of our volunteers, their committees, collaborators and contributors.
