🎄 Season's Greetings 🎄

Dear Reader,

As we wrap up a meaningful and productive 2025, we would like to express our sincere gratitude for your collaboration, trust, and engagement throughout the year.

Together, we've continued to advance our shared goals and strengthen the actuarial community across Europe. We look forward to continuing to build on this strong foundation in 2026.

Wishing you and your loved ones a joyful holiday season and a happy, healthy, and successful New Year!

Yours sincerely,

the members of the AAE Board and support staff

## Blogs

There is the claim that an advanced AI system designed to manufacture paper clips could turn the whole universe into paper clips.

This threat reminds us of a fairy tale by Brothers Grimm. Tale number 103 tells of a poor but good little girl, starving with her mother. She meets an aged woman who gives her a pot with generous abilities.

With the words *'cook, little pot, cook'* it would cook good, sweet millet porridge. With the words *'stop, little pot'* the cooking ended.

She knew how to start, but she had **forgotten** how to stop the pot from cooking...
